The Leadership Center  
Aurora, NE

## PURPOSE

School group leaders often set the tone and culture for not only the organization, but often the entire school. The first annual Presidents Summit is designed to connect, build, and equip high school organization chapter presidents to promote strong organization and school cultures, a healthy view of leadership, and an opportunity for advanced leadership coaching for high achieving individuals.

## WHAT WILL PRESIDENTS LEARN?

Presidents will leave with a better understanding of their role (*hint: it's not making all the decisions, doing all the work, and talking 90% of the time in meetings!*), learn more advanced leadership principles, identify where there is opportunity to personally grow, and leave with tools and frameworks to better manage their organization (event planning, how to make sharable calendars, meeting management tips, etc.).

## WHO'S INVITED?

We invite all presidents of member-driven organizations such as HOSA, FCCLA, FFA, FBLA, DECA, Skills, 4H, Student Council, EdRising, Boy Scouts/Girls Scouts, and more. If a president is not able to attend, the organization's Vice President may fill in.

## WHO'S FACILITATING?

The 2025 Summit will be facilitated by Oklahoma native, Rhett Laubach, owner of Your Next Speaker and the D4LC team including Maile Ilac Boeder and Abby Miller. All facilitators travel the country to work with teams of all ages and specifically focus on youth organizations.

## SCHEDULE

11:30	A.M.	Opening Keynote	
5:30	P.M.	Conclusion of Final Workshop	
5:45	P.M.	Professional Networking Dinner	* <i>Optional</i>

## ABOUT THE LEADERSHIP CENTER

The Leadership Center is a unique nonprofit based in Aurora, NE. TLC was founded by 3 Agriculture Educators who believed Nebraska needed a place to foster the growth of young leaders. Today, The Leadership Center serves over 60k guests and travels across the state and country delivering leadership development workshops through our education branch: Disciplines 4 Leadership in Communities (D4LC).

## PURPOSE

The first annual Presidents Summit is designed to connect, build, and equip high school organization chapter presidents for their year of presidency.

### **Connect**

High school seniors who hold leadership positions, such as organization presidents, often find themselves in a unique and sometimes isolating position as a high performer compared to their peers. For many, this may be the first time they're surrounded by peers who inspire and motivate them on a similar level.

Sponsors will also have the opportunity to interact with some of the state's top talent in their class over a networking meal.

### **Build**

Chapter presidents hold an important position in school systems, yet they are still early in their leadership careers. Delegates will learn new leadership principles and levels of self awareness through workshops on topics like Leadership vs Management, using Gallup Strengths, and how to build trust in relationships

### **Equip**

Finally, delegates will be equipped with specific tools and skills for their upcoming year including learning effective meeting strategies, tech tools to communicate with their team, and resources for event planning

This conference isn't just an event; it's a chance to build a community of high-performing, driven young leaders who can support and inspire each other to achieve even greater things. By participating, these students will gain a powerful reminder that they're not alone on their journey and that their potential is limitless when fueled by the strength of a like-minded network.
