Hi Maile,

Now that July 1st has passed the Nebraska Lions are now in their 2022-2023 fiscal year. I can now ask you to send me the contract and particular information needed for conducting a District Governor Elect School during the dates of April 21, 22 & 23, 2023.

I would like to request that same facilities as we used this year. Beginning this year we are required to break-out training between subject requirements for our 1st Vice District Governor Elects and training subjects for our 2nd Vice District Governor Elects. So in 2023 we'll be using both rooms, Mather East and Mather West for training, and use Mather West for social time and free relaxation time.

Our attendees this year were very happy with the variety and quality of the meals. We're very flexible with your dining plans and preparations. So, I'm comfortable with your cafeteria staff organizing our meals much like we did this year.

Please send a contract to me at: Allen Darell, Global Leadership Team, 14517 R Street, Omaha, NE 68137.

I'm certain that we'll be in touch moving forward to our event. Because of needing to break-out our 1st and 2nd Vice District Governors, it will mean the need of a second projector and screen, and smaller classroom setup in Mather West.

Certainly we will have a chance to discuss these and amenities, etc. when we get closer to the training dates.

FYI, long time facilitator Randy has been elevated to a new "area" position where he is overseeing Leadership Development in four states. So, it is likely I'll be handling this for the next two to three years.

Sincerely, Allen

Allen Darell
