

Acrylic and Mixed Media with Annie O'Brien Gonzales

Let go of realism and paint loose expressive floral paintings from references while working in acrylic and mixed media. This is a fun, low pressure, creative workshop designed for painters at any level--even newbies. You will learn to start your paintings with colorful under paintings, paint with "No-Fail" color schemes and a 7 Step Method of painting to create your unique work. We will talk about expressive painting, how to find inspiration, and setting up to paint.
